## Trane New York/New Jersey

**Why should you choose Trane NY/NJ? Trane is a HVAC and energy solutions company. We create high performing environments through our use of innovative technology and systems that optimize performance and maximize efficiencies.**

### ABOUT US

Trane has been making buildings better for more than 100 years. We were incorporated in 1913, just one year after Woodrow Wilson, former NJ governor, was elected president. In fact, the same year that we were incorporated the NY Times building was constructed, the new Grand Central Terminal was opened, and the NY Highlanders American League baseball team officially adopted the "Yankees" name.

We're proud to be an industry innovator and we presently hold 900 U.S. patents. We have four offices in the NY/NJ area with 300+ team members. More than 125 of those team members are professional technicians dedicated to providing outstanding service.

### APPROACH

We take a creative approach to every project; treating each project uniquely so we can collaborate to understand objectives and goals. Trane delivers outcomes; we start from the beginning and follow the process through. Plus, we always keep sustainability and energy efficiencies top of mind.
